Which area/s of the draft Strategy are you commenting on (select all that apply):

Regional roads , Remote areas

What is your primary area of interest in road safety?

More attention and funds to maintain rural dirt roads in A.C.T the conditions and maintenance is appalling and roads are dangerous, most rural people use these roads daily to commute to Canberra for work daily but I guess that's not important as these roads are seen as no mans land, in most particular, Smiths Road, Naas Road but you most probably don't know where they are.

What road safety issues are the most important to address?

Maintenance especially during fire season as these roads are the only means to escape in emergency.

Do you give permission for your submission to be published on this website following the end of the consultation period?

Yes
