Which area/s of the draft Strategy are you commenting on (select all that apply):

Targets for reducing deaths and serious injuries , The themes – safe roads, safe road use, safe vehicles and speed management , Heavy vehicle safety

What is your primary area of interest in road safety?

Survival

What road safety issues are the most important to address?

Truck speed and lawlessness

Is there anything important that you think is missing from this draft Strategy?

I recently travelled on the New England highway - trucks set the speed limits and menace you if you are not exceeding the speed limit. As a test I followed a truck which completely ignored 60 80 and 100 speed limits. I saw other drivers pull to the side because of trucks menacing them by getting right up behind at speed - too dangerous for cars obeying the rules.
